One hundred and fifty men sat down at banquet tables last night at Hildebrecht's, Trenton, to celebrate the successful wind-up of the 1927-28 season of the Bristol Bowling League. It was a jolly gathering and one in which good fellowship predominated. Officers of the League and invited guests were seated at one long table while the others present occupied places at small tables which took up practically the entire dining hall floor space. There were attractive decorations and the numerous awards were grouped upon a center table.

Carl Wenzel, president of the League and also president of Rohm & Haas Bowling Team, officiated as toastmaster. He called the assembly to order and there was an invocation by Robert Hems, chaplain of Robert W. Bracken Post, No. 382, American Legion, of Bristol.

After serving of the menu which was interspersed with group singing there were numbers by professional talent as furnished by Arthur Brooks, of Harriman. Mr. Arthur Brooks is the local booking agent for an entertainment bureau of Philadelphia.

Mr. Brooks was assisted by Charles A. Rathke who did a turn or two, much to the amusement of the gathering.

Carl Wenzel addressing the gathering gave a resume of the activities of the League since its inception two years ago.

"This is our second annual banquet and the close of our second successful year," said Mr. Wenzel. In reviewing the progress of the Bristol Bowling League he told how the organization was started in 1926 after a few persons had gotten together and decided that bowling should be revived in Bristol. "Eight teams were formed and the members traveled to Trenton to play the games due to the lack of alleys in Bristol. During the first year the schedule was completed and a match was never postponed," concluded the speaker.

Mr. Wenzel then reviewed the part played in the start of the association by Mr. Kohlman, of Pacific Steel Boiler Corporation, who has since moved away. "The League was then increased to 10 teams—Bristol Fire Co. No. 1 and Exchange Club joining. Pacific Boiler team withdrew and its place was taken by American Legion. "The co-operation given by you men has made this league a success and the teams have stuck despite the fact that some of them knew they had no chance whatever of winning."

Mr. Wenzel proceeded to introduce each of the invited guests. There were greetings from Keystone Aircraft Corporation extended by Mr. Miller, Dr. Charles S. Hollander, vice-president, Rohm & Haas Company; William H. H. Fine, president Exchange Club; W. R. Smith, American Legion; Samuel Shire, Harriman Men's Club; Albert A. Bauer, Young Men's Association; Edward Wallace, Bristol Fire Company, No. 1; Thomas S. Harper, America Hose, Hook & Ladder Co. No. 2; Mr. Miller, Suburban Counties Gas & Electric Company; C. I. Curtis, owner of Bristol Recreation Center.

Mr. Curtis at this time presented a handsome trophy to the Bristol Bowling Association which he stated was to be awarded to the team winning the championship. It was accepted on behalf of the League by Mr. Wenzel. Samuel A. Pearson, vice-president of the League, handed the trophy over to the Rohm & Haas team which finished first this season. It was accepted by William A. Pearson, captain of the Rohm & Haas team.

Joseph Amison accepted on behalf of the Amison team the trophy for that team which was runner-up in the League.

Dorron Green acting on behalf of the League presented a ball and case to Herbert Yates for his untiring efforts in behalf of bowling in Bristol. Mr. Yates was pictured as the man behind the gun and the one who was untiring in his efforts in behalf of the League.

Officers were elected as follows for the ensuing year:

President, Herbert Yates; vice-president, Robert B. Downing; secretary, T. H. Morris; treasurer, J. Amison, Sr. The election was by acclamation.

Awards were given to Martin Allen and Herbert Yates for making the (Continued on Page Six)

ARTHUR R. PHIPPS WEDS MISS ISABEL MOORE

Attractive Wedding Takes
Place in St. James's
Church, Here

MANY FRIENDS ATTEND

An attractive church wedding took place yesterday afternoon at four o'clock in St. James's Protestant Episcopal Church, when Miss Isabel Moore, daughter of Mrs. Mary Moore, of Dorrance street, became the bride of Arthur R. Phipps, son of Mr. and Mrs. George Phipps, of Bath street. The Rev. Henry Stuart Paynter, rector of the church, officiated.

Mrs. Minerva Epstein, organist, played Lohengrin's wedding march and the choir sang the chorus, as the bride entered the church. The ring ceremony was used. The bride, who was given in marriage by her brother, Samuel Moore, was beautifully attired in a gown of soft white tulle with light bodice, short puffed sleeves and lace over-skirt. She wore white slippers and stockings and her veil of Belgium lace, was arranged in Spanish drape effect, trimmed with pearls. She carried a shower bouquet of white roses and sweet peas.

Miss Etta Moore, sister of the bride attended as maid of honor. She looked attractive in a gown of rose pink tulle and black satin slippers and carried a bouquet of mixed roses and sweet peas.

Miss Genevieve Bolton was bridesmaid, and she wore a pretty frock of blue green georgette, and a pink hat trimmed with leghorn, black satin slippers, green silk stockings and carried an arm bouquet of mixed roses and sweet peas. The dresses of the maid-of-honor and bridesmaid were made with tight bodice, short puffed sleeves and full skirt.

Richard Phipps, brother of the groom, attended as best man.

After the ceremony, a reception was held at the home of the bride's mother. Later during the evening the bride and groom left for a honeymoon to be spent in Washington, D. C., where they will stay until Monday. The trip will be made by automobile.

The bride's going away gown was grey flat crepe trimmed with small gold buttons, hat to catch, black satin pumps and grey stockings, blue coat trimmed with grey and grey gloves. Upon their return they will make their home with the bride's mother on Dorrance street.

Guests attending the wedding were from Bristol, Trenton, East Orange, Philadelphia and Camden.

Mr. and Mrs. Phipps were both born in Bristol and attended the public schools. They are both very well known and active in church affairs in St. James's Parish, and have a host of friends. Mr. Phipps is employed by Rohm and Haas Company of Bristol.

Clarence W. Winter has rejoined the list of motor boat owners and now has a fine 40-foot cruiser riding at anchor in the river.

—Mr. and Mrs. Robert Patterson, Sr., of Keystone, West Virginia, are expected to arrive in Bristol soon, to make an extended visit with their son and daughter-in-law, Mr. and Mrs. Robert Patterson, Jr., of 908 Jefferson avenue.

—Mrs. John Whalen, of Burlington, N. J., spent Sunday visiting at the home of Mr. and Mrs. B. F. McGee, of Beaver street.

—Roy Havens and daughter Elva, of Trenton, N. J., were Sunday visitors of Mrs. Joseph Burton, of Lafayette street.

—Mrs. Sally McGill, of Eddington, is visiting at the home of Mr. and Mrs. Frank Satterthwaite, of West Circle.

NEVER MISSED SCHOOL DURING 6-YEAR PERIOD

Miss Edith Reigle, Croydon,
Proves Self A Splendid
Student

TO ENTER BRISTOL HIGH

CROYDON, June 7.—This community is particularly proud of the attendance record made at the local public schools during the past several years by Miss Edith Reigle, 15 year old lass, of Main Street.

For six years did the young girl, who is the daughter of Mr. and Mrs. William Reigle, attend the sessions of the school without missing a day. Not content with being present at each session, the scholar made it a point to be on time each day.

For this fine record Edith has secured from the State through that period two certificates for attendance. One of the certificates has on it four seals signifying her fine record for four years, while the second contains two seals.

For this length of time with the exception of when she was a member of the fourth grade the girl was a pupil at the Croydon school. During her fourth year she walked a mile each way to the College Park building, and even during nasty winter weather was able to continue her fine record.

Having just completed her eighth grade work, and received her certificate of promotion a few evenings ago, Miss Reigle will attend the Bristol high school next year.

The years during which the young lady was neither absent nor tardy was while she took care of her studies in the second, third, fourth, fifth, sixth and seventh grades.

The grammar school graduate would probably have continued her fine attendance record during the past year, but for a misunderstanding.

When asked if she liked to study, a smile spread over the girl's face, and before she could answer her mother quickly replied in the affirmative. "Why, she starts to study as early in the evening as she can, and sometimes keeps it up from shortly before seven until 11 o'clock." This is an ordinary occurrence, and to her eagerness for learning can be attributed the very good marks acquired.

The studies are all interesting according to Edith, but particularly so are spelling and geography. "When I finish school I would like to do some kind of office work," she added.

The young woman's interests are not entirely wrapped up in indoor pastimes, however, for when it comes to tennis and track work she is usually present if possible. She practiced during the last Spring for the meet at George School, and her name was entered as a substitute for the school which she has been attending.

With such a thirst for knowledge and such eagerness for all things that will assist in her school work Edith has hopes her future will prove to be a bright one.

—Mrs. John Whalen, of Burlington, N. J., spent Sunday visiting at the home of Mr. and Mrs. B. F. McGee, of Beaver street.

—Roy Havens and daughter Elva, of Trenton, N. J., were Sunday visitors of Mrs. Joseph Burton, of Lafayette street.

—Mrs. Sally McGill, of Eddington, is visiting at the home of Mr. and Mrs. Frank Satterthwaite, of West Circle.

VEGETABLES AND FRUITS USED TO BEST ADVANTAGE RAW IN SALADS, SAYS DIETITIAN

Mrs. Evelyn Spooner, of Interstate Dairy Council, Talks To
Mothers Here — Tells of Well-Balanced Diet — Gives
Practical Demonstration at Community House

Clad in a snowy white apron, with bowls, fruits and vegetables before her upon a small table at the community house, yesterday afternoon, Mrs. Evelyn Spooner demonstrated to a group of Bristol mothers the necessary steps taken and the ingredients used in making several salads.

To the women present were explained the reasons for using each of the vegetables, and the part played by them in "A Well Balanced Diet."

Introduced by Mrs. Frederick I. Kraft, this representative of the Philadelphia Dairy Council, proceeded to tell that the council "not only preaches milk, butter and cheese, or dairy products, but health in its entirety."

Some time ago Mrs. Spooner came to Bristol, and worked in conjunction with the teachers of the public schools. "We supplement the work of the instructors by using the story method for the children. In this way we find we can teach much of a helpful and healthful nature."

Given as health rules for children were the following: Brush your teeth every day; use some vegetable besides potato each day, especially the leafy ones; use some fruit each day; use a quart of milk a day; play part of every day outdoors; take a bath of ten or once a week; sleep many hours with the windows open.

Taking each of the above rules the one so interested in health methods gave suggestions. The leafy vegetables mentioned as being particularly good were cabbage, spinach, onions and lettuce. "And then we all know that fruit is good for us. Of course fresh fruit is the best, but when this can not be secured canned and dried

fruits are better than none. The mothers of today would be doing much for the children if they would teach them to buy more figs, dates, oranges, raisins, etc., and less candy."

Mrs. Spooner especially recommended the milk for the babies and growing children as so much time is needed in building of bone and of teeth. I trust that no mother here is giving her child tea or coffee. They are both nerve stimulants and these no child needs."

At the conclusion of her talk the demonstration was started. Mentioned as one of the most healthful salads known was that composed of raw cabbage, raw spinach and apples. "When we use the raw vegetables and raw fruits we are securing the best parts of them," she added. With the above ingredients Mrs. Spooner used a sour cream dressing, serving the salad with whole wheat crackers. The dish was pronounced delicious by all assembled, and many expressed the desire of making some in their homes.

Small cards upon which was printed the recipe for the sour cream dressing were passed around. The recipe follows: One-half pint thick sour cream, one-fourth pint mayonnaise dressing, juice of half a small onion, one-half teaspoon lemon juice, three-fourths teaspoon salt, one-fourth teaspoon mustard, one-eighth teaspoon paprika, one-eighth teaspoon white pepper. The ingredients are merely folded into the cream.

When requested the visitor explained how she concocts cream of spinach soup, and stated her willingness to make the soup at a public meeting here anytime matters can be arranged.

ST. ANN'S MOVE INTO SECOND LEAGUE PLACE

Annex Position by Defeating
Mulholland's Carpet Makers
Last Night

FINAL SCORE — 8 TO 3

Schedule for Tonight
ST. ANN'S vs. FIELD CLUB

By T. M. Juno

St. Ann's moved into second place in the Bristol Twilight League last night by defeating Johnny Mulholland's nine by the score of 8 to 3 in a hard fought battle in which the Italian team had the advantage throughout.

Castor and Mangan were the rivals on the firing line. Castor received the kind of support that would win any ball game. Mangan's mates were not so good, behind his wonderful pitching.

St. Ann's had a patched-up team in their last night. Two of their stars, Seneca and Riola were missing. Manager Sagolla put De Risi on the initial sack and had Fields at his old position, second base. The outfield was filled in by Gilardi, Missera and Pico.

Leodom's had two double plays to their credit while the Saints pulled one over. In the second with three carpetmakers occupying the bags, Mangan fled to Gilardi who threw to Stallone to get Callahan. Callahan beat the throw, but the St. Ann's players were wide awake and Stallone threw to Paletta and Callahan was ruled out for leaving the bag before the catch was made. TheLeodom's team's double plays came in the second and fifth. In the second, with Castor on first, Fields lined to David, whose throw to Callahan doubled Castor. In the fifth, with Missera on first, De Risi hit a long fly to left, labeled for two sacks, but Jeffries made a wonderful catch and doubled up Missera.

In theLeodom's first, Cooper and David hit to DeRisi and went out, Riola hit to Paletta.

In the St. Ann's half, three big runs were marked on the books. Fields was safe on David's error. Gilardi and Roe struck out. Paletta was passed. Stallone hit to David, who again errored, scoring Fields. Missera was socked in the slats with a pitched ball, loading the cushions. De Risi hit to Riola, who made a miscue, scoring Paletta and Stallone, but Missera went out trying for third, White to Riola.

Mulholland's clan scored a run in their second. White singled. Jeffries fled to Roe. Callahan walked. White scored on Paletta's error of Brush's hit. H. Cochrane got four wide ones, loading the sacks. Mangan fled to Gilardi, who threw to Stallone, who in return threw to Paletta who tagged the bag. Both umpires ruled that Callahan had left the base before the ball was in Gilardi's mitt and so he was declared out.

A double play put the "Saints" out of the way in the second. Pico hit to Cochrane and went out. Castor singled. Fields' liner went into David's hands. A quick throw to first doubled Castor.

Leodom's were shut out in the third. Cooper fled to right. David hit to Roe and went out at first. Riola singled over second. White's scorching was captured by Gilardi.

Sagolla's men also failed to score in the third. Gilardi's easy fly went to David. Roe hit to the pitcher and was retired. Paletta got a one base blow. Stallone struck out on a high ball.

The carpetmakers kept plugging and tied the score in the fourth. Jeffries beat out a bunt. Callahan also beat out a bunt. Brusha singled, scoring Jeffries. H. Cochrane beat out a bunt, filling the bases. Mangan forced (Continued on Page Six)

BRIDGE PROJECT IS UP BEFORE COUNCIL AT BURLINGTON

Solicitor and Engineer Submit
Report to Governing
Body

SHOW THE APPROACHES

Report is Exhaustive and Very
Complete in All Its
Details

BURLINGTON, N. J., June 7.—Still another step toward building the much-needed bridge between this city and Bristol was taken Monday night when an exhaustive report on the structure was submitted to Common Council by City Solicitor Ernest Watts and City Engineer Benjamin F. Sleeper, who, under direction of the city governing body, made a study of the plans of the two groups seeking to erect the fabric.

At the last previous meeting of Common Council there was a heated debate over a resolution that gave the Burlington-Bristol Bridge Company (Cheesman-Anderson group) the right to use Reed street for the New Jersey approach to the bridge. The opposing company, the Pittsburgh group, sought to have the resolution rescinded and another adopted giving them the Reed street franchise. After considerable discussion the matter was referred to Mr. Watts and Mr. Sleeper.

The report made by the two officials showed that they went into the matter deeply. It covered several type-written pages, and gave an excellent description of the two proposed structures. It described the Cheesman-Anderson structure, a low structure with a lift draw, and told how it would cross West Burlington at grade and pick up the State Highway. Emphasis was laid on the fact that the roadway from the bridge approach to the State Highway would be built of concrete, and that it would be possible to reach the bridge conveniently from any east and west street in Burlington, which obviously was in the interest of Burlington business.

It also told how the Pittsburgh bridge would be a high bridge without a draw and how it would cross Burlington to the State Highway at elevation. The report did not state what effect the elevated structure of the Pittsburgh proposition would have on the development of West Burlington, but many of those present mentally pictured the ugly bank of the Pennsylvania Railroad at Delair and what it had done to that once beautiful little town.

The report also covered the navigation feature of the bridge proposition, giving the height of the planned structure above water and showing that the passage of boats would not be interfered with in any way. Fear for navigation was one of the stumbling blocks placed in the way of building the bridge and has delayed the erection of the fabric many months.

The report made by Mr. Watts and Mr. Sleeper was received by Common Council, but nothing further along the bridge line was done. The next move probably will be the introduction of an ordinance giving either the Cheesman-Anderson group or the Pittsburgh group the right to use Reed street for an approach.

Both groups were represented at the Common Council meeting last night. Joseph R. Cheesman, president of the Enterprise Publishing Company, of this city; E. R. Needles, of New York, the bridge engineer, and Hugh Eastburn, a prominent Bristol attorney, were present in the interest of the original bridge proposition. Dr. Steinmann, of New York, and Lloyd Cross, of Delanco, were present in the interest of the Pittsburgh promoters.

That the Cheesman-Anderson group expect to build the bridge through the loyalty of the people of Bristol and Burlington is shown by the fact that they steadily are working on the project. The latest move was to secure a strip of ground at Maple Beach across the river from Reed street for the Pennsylvania abutment of the structure. Their holding is of considerable length and extends to low water. Thus it would seem that they control the bridge situation on the Pennsylvania side of the Delaware River.

WILL MOTORS REPLACE RAILS?

An analysis of the cost of operation of the motor truck as a freight carrier is of interest, as indicating the extent to which this service is likely to prove a disastrous competitor of railroads. No room is left for doubt as to the effect of the freight-hauling truck upon short-line roads. Many of them have been put out of business.

In this state such a development has taken place to the serious concern of towns served by short-line railroads. Many of these lines ceased to be self-supporting many years ago, and now that the motor truck has proved itself an economical transportation agency on hauls up to forty-five miles railroad owners have another excuse for abandoning unprofitable branch lines. But the persons and communities served by these railroads are not yet convinced they would not suffer from such abandonment.

Understanding of the part the motor truck and bus are to play in distribution of freight and express and transportation of passengers is essential in shaping the attitude of communities toward them; and in settling the use and the responsibilities of short-line railroads now mentioned in connection with rail mergers. Being comparatively a new agency in the business, time is needed to show where the truck fits into the general scheme of transportation and satisfies public needs.

The information that the motor truck affords cheaper transportation than the railroad for short hauls should be welcomed by the railroads. It is notice to them that they can save money by substituting motor trucks for trains.

SEEKERS OF THRILLS

Thousands of thoroughly domesticated Americans have implored Commander Byrd to admit them to membership in his proposed expedition of exploration to the south pole. This mass hunger for adventure is either a protest against modern home life or a testimonial to longings usually hidden from public view.

These would-be explorers and adventurers are not lured by the hope of fame and fortune. Most of the fame will go to the head of the expedition, and the chance of winning a fortune is as slim as that of finding a diamond-studded iceberg. Conquistador, colonist, explorer and pirate had in general one hope in common. They dreamed of wealth—much or little, legal or illegal—but still wealth. The new seekers for strangeness have no such thought.

Perhaps historians of a few centuries hence will be profoundly impressed by the present evidence of potential energy and love of adventure in the American people. Such was their vital force, will read the future verdict, that thousands of them aspired to go somewhere, the farther the better, and for no reason other than that they were driven from within.

Polar regions lure many men and women because of the promise of new experience, of a gamble with death, of a new and strange life and an escape from the monotonous sameness of life in civilization. This enthusiasm for the south pole is not a new phenomenon in mundane existence.

It's a wise man who knows he isn't.

What the world needs is a self-washing dish.

LEGAL

IN THE COURT OF COMMON PLEAS OF BUCKS COUNTY

NOTICE to Joseph Brantington, if living, and to the heirs and legal representatives of the said Joseph Brantington, if deceased, and each and every of them, and to all other persons interested in the Mortgage hereinafter mentioned.

YOU AND EACH OF YOU ARE HEREBY NOTIFIED that at a Court of Common Pleas holden at Doylestown, in and for the County of Bucks, on the 7th day of May, A. D. 1928, the petition of Alfred H. Moon, Mike Rice and Margaret Larkin was presented setting forth that David Swain executed and delivered unto Joseph Brantington his Indenture of Mortgage dated May 11th, 1812, and recorded in the Recorder's Office for Bucks County, Pa., in Mortgage Book No. 7, page 347, &c., to secure the payment of the just sum of One Thousand (\$1,000.) Dollars, in one year from date thereof, with lawful interest, secured upon and conveying ALL THAT CERTAIN Messuage or Tenement and Tract of land, situate in Falls Township, County of Bucks and State of Pennsylvania, BEGINNING at a stone in the public road, thence by Watson's land North 3 degrees 45 minutes West 76 Perches and 2/10 to a stone, South 84 degrees 30 minutes West 37 Perches and 3/10 to a stone and North 5 degrees 30 minutes West 40 Perches and 2/10 to a stone, thence by land of Marriott Bayley, Joseph Burger and Moses Comfort, North 84 degrees 30 minutes East 80 Perches and 5/10 to a stone, thence continuing by Moses Comfort's land South 5 degrees 30 minutes East 40 Perches and 2/10 to a stone and North 84 degrees and 30 minutes East, 78 Perches to a stone, thence South 1 degree East 45 Perches and 5/10 to a stone in the aforesaid road, thence along the same by John Brown's land, South 70 degrees West 124 Perches and 3/10 to the place of beginning, CONTAINING 65 acres and 126 Perches of land.

That the above described Mortgage was a lien upon and covered a part of the premises of the petitioner, Alfred H. Moon, situate in Falls Township aforesaid, to wit, 14 acres and 147 2/10 perches of the 220 acres conveyed to him by James H. Moon and wife, by Deed dated Second Month 20th, 1891, and recorded in the Recorder's Office aforesaid, on Fourth Month 3rd, 1891, in Deed Book No. 247, page 153, &c.

And was also a lien upon and covered a part of the premises of said Alfred H. Moon, situate in the Township of Falls aforesaid, to wit, 39 acres and 60 4/10 perches of the 81 and 113/1000 acres which was conveyed unto the said Alfred H. Moon by Joseph B. Schaffer and wife, by Deed dated March 30th, 1914, and recorded in the Recorder's Office aforesaid, in Deed Book No. 338, page 218, &c.

That said Mortgage was also a lien upon and covered a part of the premises of the petitioner, Mike Rice, situate in the Township of Falls aforesaid, to wit, 3 acres and 78 4/10 perches, of the 41 acres which was conveyed unto him by Deed from Herbert W. Gwinner, Sheriff of Bucks County, by Deed dated the Second day of December, 1927, and recorded in the Recorder's Office aforesaid, in Deed Book No. 473, page 486, &c.

That the above named petitioners together were all the owners in fee simple of the land bound by the lien of the above described Mortgage.

That the said Mortgage has never been assigned.

That the said Mortgage remains unsatisfied of record, but by reason of the lapse of time there exists a legal presumption that the said Mortgage is paid.

That David Swain, the legal holder of said Mortgage, has been long since deceased; that the petitioners do not know the names or addresses of his personal representatives nor the heirs of said decedent, if any there are or may be, and have been unable to ascertain the same.

That no demand has ever been made upon the petitioners at any time, nor upon their predecessors in title, owners of the respective tracts of land bound by the lien of said Mortgage, for any part or all of the principal sum of said Mortgage, or any interest thereon, and that no interest has been paid on said Mortgage for a period of twenty-one years last past and upwards, and praying said Court to make an order and decree directing that notice of the facts in said petition set forth be given by the Sheriff of the said County to the heirs and legal representatives of the said David Swain, deceased, if to be found in the County of Bucks, and in case the parties aforesaid cannot be found in said County, then that notice of the facts set forth in said petition be given by advertisement, and upon due proof being made of the legal presumption of the payment of said Mortgage, to decree and direct satisfaction to be entered upon the record of the said Mortgage, hereinafter mentioned, upon the payment of the proper costs and charges therefor, and that such satisfaction shall forever thereafter discharge, defeat and release said Mortgage and the lien thereof against the said premises of your petitioners, and forever bar and exclude any and all actions brought or to be brought thereon, and to do such other things as are directed by the Acts of Assembly in such case made and provided.

Whereupon, on the same day, the said Court ordered and decreed that T. Hart Ross, High Sheriff of the County of Bucks aforesaid, be directed to serve notice of the facts set forth in the foregoing petition upon Joseph Brantington, if he be living, and upon any and all heirs and legal representatives of said Joseph Brantington, deceased, if any there are or may be, and each and every of them, and all other parties in interest in said Mortgage, if any, if they can be found in the County of Bucks, and in case all or any of said parties cannot be found in said County, then the Sheriff is directed to give public notice of the facts in said petition set forth in "The Bristol Courier," a daily newspaper published within the County of Bucks, once a week for four weeks successively prior to the then next Term of said Court, to be holden at Doylestown, in and for the County of Bucks, on June 11th, A. D. 1928, requiring all of said parties to be and appear at said Term of said Court, at eleven o'clock A. M., on June 11th, A. D. 1928, to answer said petition and show cause, if any they may have, why satisfaction of the said Mortgage should not be decreed by the Court according to the Acts of Assembly in such case made and provided.

YOU AND EACH OF YOU ARE THEREFORE HEREBY NOTIFIED AND REQUIRED to be and appear at said Court to be holden on June 11th, A. D. 1928, to answer said petition and show cause, if any you may have, why satisfaction of the said Mortgage should not be decreed by said Court.

Bristol, Pa., June 1, 1928.

Modern Heating & Plumbing Co.,
Bristol, Pa.

Gentlemen:

At the beginning of last winter I had installed in our garage one of your Germayer blowers for use on our heating plant. A month or so later I had you install another one at my residence. The performance of these blowers has been very satisfactory.

In dollars and cents a comparison of 1927 with 1928 shows that in the earlier year I bought and used 29 tons of coal of the larger size which cost a total of \$409.50 and in 1928 we used 27 tons of coal we purchased for \$254.25, thus making a saving of \$155.25. This, despite the fact that we did not have the use of these blowers in the earlier winter months and had to burn a number of tons of the most expensive coal.

There was another advantage gained as great as this and that was the great deal less of attention that these fires required and the uniform heat that we had at all times. Another thing was the ability of the blower to convert a nearly dead fire to life in a very short time.

(Signed) THOS. A. COLLIER.

POND AND JEFFERSON AVENUE, BRISTOL

When you shop in a big city

You know your Fifth Avenue perhaps. Or all your life you've been familiar with the shopping sections of Boston—you are certain just which side street to turn into for the specialty store you have in mind. . . . But these days, you'll find yourself at home wherever you shop. You'll not be at a loss to get exactly what you want in St. Louis or Seattle or Syracuse.

When you buy advertised products, you can buy just as wisely and do just as well—wherever you go—as you would if you went into the store on Main street at home, where your mother and your grandmother have traded for years. For you can trust advertised products and the stores that sell them, exactly as you would believe merchants who have been your lifelong friends in the same small towns.

Read the advertisements in this paper—
especially if you are a stranger in town.
They will guide and befriend your buying

Mrs. John Cavin, of Main street, was a visitor at the home of Mr. and Mrs. Edward Hills, of Bordentown, Tuesday.

(Continued from Page One)

Callahan at the plate, Fields to Stallone. Cooper hit to Castor, who with a double play in sight threw high to the plate, but Stallone jumped for the ball and threw Cooper out at first. Brusha was safe at the plate. David tied to Missera.

The "Saints" clinched the game in their half of the inning by netting five runs. Missera was safe on David's error. De Risi singled. Pico singled over third, scoring Missera and De Risi, while he embarked on second on the throw-in. Castor walked. Fields hit to David and Castor was forced at second. Gilardi got a free ticket, billing the bases once more. Roe singled between short and third, scoring Pico and Fields, but Gilardi went out at third, Jeffries to Riola. Paletta singled, scoring Roe. Stallone hit to Mangan and went out.

Leedom's were held scoreless in the fifth. Riola flied to center. White flied to left. Jeffries walked and was forced at second when Roe stopped Callahan's grounder.

A double-play saved Leedom's again in the fifth. Missera singled and was doubled up when he went off too far on De Risi's sock to left. Pico singled over short. Castor also singled. Fields was hit by a pitched ball, billing the sacks for the fifth time. Gilardi watched a third strike whiz by.

Leedom received their sixth hit to no avail. Brusha singled, but a minute later was caught off the sack when Stallone made a rifle throw to DeRisi. De Risi stopped Cochran's roller and beat him to the bag. Mangan's high fly was gathered by Missera, ending the game.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called **Relaxall** Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating, bowel called the colon. The water softens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Relaxall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.—(Adv.)

Stop Itching Skin

Don't worry any longer with Eczema, Dermatitis, Blotches, Blemishes, Pimples and other annoying skin irritations. Get a bottle of cooling, healing, antiseptic Zemo—the safe dependable way to relieve itching torture. Convenient to use any time—does not show. All drug stores, 35c, 60c, \$1.00.
